At 5,000 feet above sea level, the views in this northern Colorado city will take your breath away. Being surrounded by beauty can mask the challenges and struggles of the community. Northern Colorado is home to many neighboring communities including Greeley, Longmont, Loveland, Fort Collins, and Wellington—all with unique needs.

Week of Hope participants will help greatly in each community through summer camps, homeless ministries, day programs, residential projects, and more. Like many places around the country, the affluent developments on the edge of town don't tell the whole story of many people with unmet needs. While you spend time with the elderly, the disabled, and the homeless, you might just realize that through serving others, yours is the life being changed.

Experience justice, grace & love
